

Return to Sports Covid-19 Waiver

Attention: Student Athletes and Parents

Effective June 10, 2020, Governor Wolf authorized school athletes to return to sports. Players and parents should join our efforts to protect their child, other players and the community from any Covid-19 risks. Observations at home should be made for any signs, symptoms or risks, such as:

- *Fever (100 degrees or higher)
- *Cough
- *Sore throat or runny nose
- *Shortness of breath / difficulty breathing
- *Nausea or vomiting
- *Exposure to someone testing positive for Covid-19
- *Chills or trembling
- *Muscle or body aches or pains
- *Headache
- *Loss of taste or smell
- *Diarrhea
- *Travel out of the country in the last 30 days

If any of these symptoms are present (that are not related to seasonal allergies), the student athlete should exercise precautionary measures and refrain from showing up for a practice, tournament or game, disclose this information to the coach, and seek medical attention and clearance.

Coaches will be responsible for screening temperatures for each athlete before any sports play begins, practicing social distancing whenever possible, and sanitizing all sports equipment, building and restroom doorknobs, etc. **See specific sports play guidelines from the Athletic Department.
